ABOUT & EXPERIENCE

I studied Computer science at Modern Academy, Graduated 2017,
Started taking graphic design as a hoppy while I was a student then working professionally as a graphic designer in 2018,
Yet in 2021 started focus on web develpment career,
got my first profissional jop by the end of 2022 as a freelancer through Upwork.

WHAT I DO

-Implementing optimised, fully responsive, high quality and SEO Friendly web UI/UX using React.js and Next.js.

-Creating Full Stack web apps using Next.js or MERN Stack(MongoDB, Express.js, React.js, Node,js).
